Professional Summary

Enthusiastic Computer Science undergraduate with strong foundations in **C , Java , Data structures**, and **Machine learning** . Experienced in building scalable applications, sensor-based systems, and web platforms. Adapt at collaborating in **internships, and real-world projects** to deliver impactful, user-centered solutions.

Education

Velammal College of Engineering and Technology , Madurai .

B.E.Computer Science and Engineering - 2027

CGPA : 8.56

Virudhunagar T.S.M Manickam Nadar Janaki Ammal Higher Secondary School , Madurai . (HSC)

Percentage : 78.80 % - 2023

Board of Study : ISC

Virudhunagar T.S.M Manickam Nadar Janaki Ammal Higher Secondary School , Madurai . (SSLC)

Percentage : 87.33 % - 2021

Board of Study : ICSE

Technical Skills

Languages : Programming in C , Python , SQL , HTML/CSS , Java.

Databases : MySQL , MongoDB , Node.js

Skills : AI , Machine Learning , OS ,CN , DBMS , OOPS , Cloud Computing , DSA ,
Algorithm Programming in C , Python , Data Science with Python

Tools : GitHub , Git , VS Code

Area of Interest

Problem Solving Using C and JAVA

SQL & Databases

Design and Analysis of

Projects

HOSPITAL MANAGEMENT SYSTEM - C , File Handling, Data Structures, Console UI | [Live Demo](#) | Github | JUNE 2025

Developed a hospital record management system with CRUD operations, achieving **30% faster data access compared to the manual systems** .

VIKSYA BOOK STORE - HTML, CSS, JavaScript, Supabase | [Live Demo](#) | Github | MARCH 2026

Built a full-stack bookstore web application with authentication, admin panel, cart, wishlist, order management, invoice generation, and cloud database integration. Deployed the application on Netlify with Supabase backend support.

AI EVENT PLANNER - React.js, Node.js, Supabase, Groq | [Live Demo](#) | Github | MAY 2026

Developed an AI-powered event planning platform with user authentication, event creation, vendor management, budget tracking, and personalized event recommendations. Integrated Supabase for real-time database operations and Groq for AI-driven planning assistance , deployed the application on Netlify for seamless online access and efficient event manage .

Leadership Qualities

- Team Motivation
- Decision-Making
- Adaptability
- Analytical thinking

Certifications :

- 1) NPTEL – Cloud Computing (Elite) : IIT Kharagpur
- 2) NPTEL – Ethical Hacking : IIT Kharagpur
- 3) NPTEL – Software Testing : IIT Madras & IIIT Bangalore
- 4) Introduction to MongoDB : MongoDB
- 5) CyberSecurity Foundations – Microsoft (TataStrive)

Internship Experience

VINSUP INFOTECH (P) LTD – AIML Intern - [Certificate](#)

MAY 2025 – JUN 2025

Successfully worked as a Intern and learnt a lot about Artificial Intellienge and Machine Learning .

Marcello Tech - Data Analytics Intern - [Certificate](#)

SEP - 2024

Worked on data collection . cleaning , analysis and visualization to support data driven decision making

Octanet Tech Services Pvt Ltd - Web Development Intern - [Certificate](#)

JUN 2024 – AUG 2024

Contributed to front-end modules and backend integration using Node.js and MongoDB. Optimized API endpoints and implemented dynamic UI components, enhancing user engagement .
